### Miners Rescued in Chile

By Ben Schwieger

On August 5, 33 miners were trapped in a collapsed mine in Chile. They were trapped down there with little food and milk. All they had to eat was two spoonfuls of tuna, half a cracker and a sip of milk every two days. Workers from two companies in Pennsylvania made a drill and drill bits that could drill through the hard ground. They finally made a small hole on August 22 so they could give the miners food, water and air. The miners ate vacuum-packed food made by another American company. Many people worked to drill a hole big enough to bring the miners up. The first miner came up on October 12, which was 69 days since they were first trapped. The person who came up last was the boss. He was the one that told them to ration the food. He was a good leader to make sacrifices for his team. People around the world came to Chile to help. The lesson in the story is to never lose hope and that you can do anything if you work together.

Lots of people came to help the trapped miners.

## Book Review – When You Reach Me

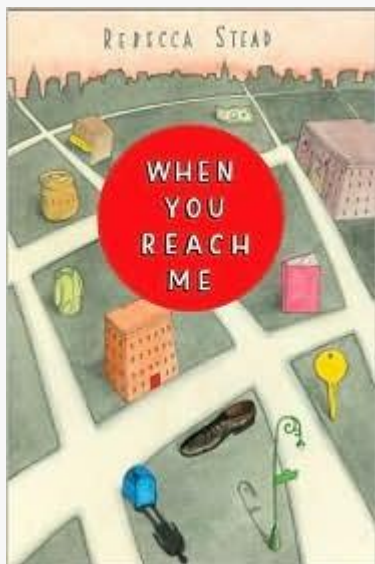

**Review By Justin King**

*Four mysterious letters change Miranda’s life forever.* By sixth grade, Miranda and her best friend, Sal, know how to find their way around the New York City neighborhood. They know where it’s safe to go, like the local grocery store, and they know who to avoid, like the crazy guy on the corner. But things start to make sense since Sal gets punched by a new kid for what seems like no reason, and he shuts Miranda out of his life. The apartment key that Miranda’s mom

keeps hidden for emergencies are taken. And then Miranda finds a mysterious note written on a tiny slip of paper:

*I am coming to save your friend’s life, and my own. I must ask two favors. First, you must write me a letter.*

The notes keep coming, and Miranda slowly realizes that whoever is leaving them knows all about her, including things that are in the future. Each message brings her closer to believing that only she can prevent a sad loss. Until the final note makes her think she’s too late.

### Exodus 23:25

"So you shall serve the Lord your God, and He will bless your bread and your water. And I will take sickness away from the midst of you."

My brother and I were sick so my parents took us to the doctor. The doctor said that I had strep throat and my brother would probably get it next. He put us both on an antibiotic called amoxicillin. While I got better, Logan was getting worse. He had taken the antibiotic for 8 days but his fever kept getting higher. We were getting very worried and nothing was helping. My parents called the doctor on Saturday night and he asked us to bring him to the office on Sunday morning. The doctor thought he may have

mononucleosis and if he did not improve by Tuesday wanted to run blood tests . My mom told my dad that she thinks Logan has pneumonia. On Monday morning she called the doctor's office and asked the nurse if they could call Children's Hospital and make arrangements for Logan to be seen that day. They needed to do a chest x-ray and take blood. He went to Children's Hospital and the tests indicated that he has pneumonia. They gave him a stronger antibiotic and he's on the road to recovery. His

temperature finally came down but he has a really bad cough. Logan went through four bags of cough drops in about two weeks. That means he has been sick for almost three weeks . I know everyone is not perfect and that God made everyone differently, but we found out that pneumonia is very contagious and we were very lucky that no one else in our family caught pneumonia. God has blessed us and gave us good health through all our prayers.

## How God Answered My Prayers

By Justin King

Saturday morning I was waiting for my friend Ethan to come over. I was sitting on the couch playing Madden 2011 on the Playstation 3. Then Ethan arrived and I got up to say

hi. When I answered the door my dog Sami ran outside. I prayed that she would be safe. My dad said, "Wants some cheese?" She likes cheese but not treats. She stopped to use the

bathroom and my dad was just about to grab her, but she got away. That's when she started running across the street. She was in the street when she stopped because she saw a car.

I was so scared she was going to get ran over. Then the car slammed on its brakes and came to a stop. I thanked God for making sure she was safe. Then Ethan and I played some more Madden.

## BIBLE VERSE OF THE MONTH

### Ephesians 6:1-4

<sup>1</sup>Children, obey your parents in the Lord, for this is right. <sup>2</sup>"Honor your father and mother"—which is the first commandment with a promise— <sup>3</sup>"that it may go well with you and that you may enjoy long life on the earth." <sup>4</sup>Fathers, do not exasperate your children; instead, bring them up in the training and instruction of the Lord.

# MUSIC

## YouTube Music Video of the Month – New Divide By Linkin Park

By Sydnee Edwards

I like this video because it has a lot of cool 3D effects and has cool flashbacks that goes with what he is singing. I also like the music because it is very fun and a great song. The video has a lot of stuff from the new Transformers movie because it is on the Transformers soundtrack.

If you've never heard it before and like pop/rock music then you will probably want to check this video out. It is one of my favorite songs. I listen to it on my dad's iPod all the time.

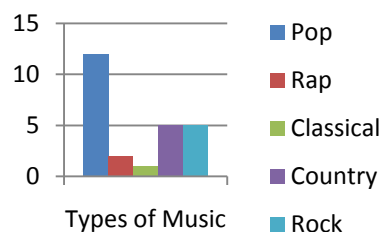

You can find it by going to YouTube.com and doing a search for New Divide by Linkin Park.

## Music Poll

By: Eli Whitehair

I decided to do a music poll to try and find out what kind of music my friends like. So I asked my soccer team and the members of the newspaper club. Here are how the votes turned out: 12 for pop including me, 2 for rap, 1 for classical, 5 for country and 5 for rock and there you have it. My friends likes pop music the best.

### Eli's Music Poll

## Music Review – Dynamite by Taio Cruz

### Bella Says:

If you like to listen to hip-hop then you will love this song. It's fun to dance and sing to. I personally LOVE this song. I do have to agree with Mackenzie that the music video is kind of inappropriate, so I'd stay away from that. You should definitely listen to it though because a very catchy, hip-hoppy song that's a lot of fun to sing along with. Listen to it!

### Mackenzie Says:

The video was a little inappropriate, although I thought the song was very good it's pretty catchy and if you want to dance to a hip hoppy song this is the one for you. I would not recommend it if you aren't in to rappyish songs because it repeats words a lot. I've been leaning more towards pop music and now this is one of my favorite songs!

### Demetra Says:

This song is one of my favorites! It's a great song to sing along to and it has a fun loving beat that will make you want to jump up and dance. My whole class sings it in class. They all love it! It will get stuck in your head though. I think everybody who doesn't know it should go to YouTube, if there allowed, and check it

# MOVIES

## Upcoming Movie - Megamind

By: Abigail W. & Mackenzie W.

**Megamind** is a funny movie that comes out November 5th. It is about a crazy blue villain who beats the hero, but then gets bored because there is no one left to fight against. So he decides to make a new hero so he has a challenger, but the new hero turns bad.

Now for the first time in his life he has to be the hero. It has a lot of good people doing the voices like Will Ferrel, Tina Fey, David Cross and Brad Pitt. It looks like it is going to be really funny and we can't wait to go see it when it comes out.

## Legend of the Guardians: The Owls of Ga'Hoole

By: Ethan Riehle

I saw the movie myself and it was great, but it was kind of a kiddy movie. Still the slow-motion effects were great. It's about an owl that dreams about being a guardian. He gets kidnapped and gets taken to the evil place. He escapes and finds the guardians and tries to save them and his family. It came out Sept. 24th, so it should still be in the theatres for awhile.

## Shrek Forever After – The Final Chapter in 3D

This is the fourth movie in a series of movies about an ogre named Shrek. We saw him fall in love and get married in the first movie. In the second, Shrek meets his new wife's family and discovers how difficult it can be to be part of a new family. In the third, Shrek is asked to become king but doesn't want to, so he goes on an adventure to find his wife Fiona's clumsy cousin Arthur to take the throne. If you didn't get a chance to see it at the movie theater then don't worry because it comes out on DVD, December 7th. Maybe you can get it for Christmas.

**Peyton**

I like this movie because it is funny when all the Shreks gather up. I didn't like the part when Fiona was evil though because she is much better when she is nice. At the movie theater I saw it in 3D which was really cool because when Fiona was pointing the sword at Shrek it looked like it was popping out at you. There were a lot of other neat 3D moments throughout the movie too. I think people should definitely see this movie because it is really funny and especially if you liked the other Shrek movies.

**Grace**

In the fourth and final chapter of the Shrek movies, Shrek missed being just an ogre, and wanted to be one again. After meeting a man who could give him back his old ogre life in exchange for giving up everything, including his wife, children and friends. Shrek took the deal and was tricked into a magical world where everything was bad. Shrek realized that what was truly important was what he had all the time, his family and friends. I recommend watching this movie to find out what Shrek does to get what he truly wants.

## Fort Rapids

By Abigail Walker

Fort Rapids is a waterpark right here in Columbus, Ohio. It has a lot of slides like the Blackout Pass! It is so scary it's like you are going to fall out! Another slide they have is the Shoot Out Racer. It is cool because it goes outside the building. Then there are some not so scary things to do like the Lazy River. It's really good after a scary slide because you can get a chance to relax. Then there are the Tube Slides. These also go outside of the building and are even more scary than the Shoot Out Racer! Last, but not least they have a 1,000 Gallon Tipping Bucket. After it dumps you will be soaked.

## Buckeye Update

By Ethan Riehle

The Buckeyes have had a pretty good season so far. They started the year ranked #2 in the nation and won their first 6 games. Then Alabama lost to South Carolina and we became the new #1 team. It didn't last long though because our next game we lost

to Wisconsin. That must of made them pretty mad because in their next game the demolished Purdue 49-0. Now we are #11 and have Minnesota up next. If we win the rest of our games we should be able to make it to another BCS bowl.

The OSU Buckeyes are #11 in the nation. Here's how they've done so far.

Marshall	W 45-7
Miami (FL)	W 35-24
Ohio	W 43-7
Eastern Michigan	W 73-20
Illinois	W 24-14
Indiana	W 38-10
Wisconsin	L 18-31
Purdue	W 49-0

## 2010 Fifa World Cup

By Collin Gibson

As you probably know the Fifa Worldcup took place in South Africa. There were 32 teams that qualified. Spain won the Worldcup against Netherlands 0-1. The USA got eliminated by Ghana 1-2. I was really hoping that the USA would make it further. The USA made it to the round off 16, but lost their first game. On the other hand Spain was a big success. They started out like they didn't know what they were doing and then all of the sudden they are undefeated and won! There are 5 rounds. The group matches, Round of 16, the Quarter Finals, the Semi Finals and the Final. Out of all the teams onebecomes the undefeated champ! How would you feel if you went through all that and won? I would love it because I LOVE soccer. When I get older I want to be in the Worldcup.

## Clippers Win Minor League Championship

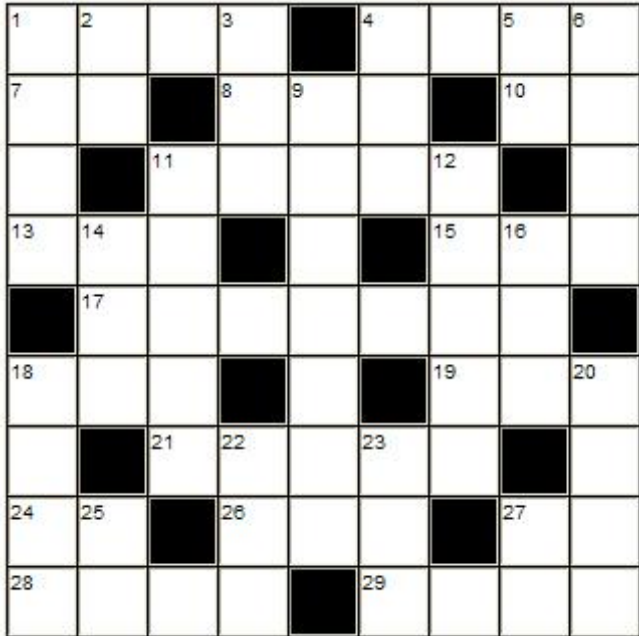

By Ben Schwieger

This year, the Columbus Clippers won the International League championship, which is called the Governor's Cup. The last time the Clippers won the cup was 14 years ago. They went on to win the 2010 Triple-A National Championship game. The Columbus Clippers are a triple-A team owned by the Cleveland Indians major league baseball team. The Clippers are a farm team which means they train players so they can go on to play for the Indians. The Clippers were a very good team this season and were winning a lot of games. Then the Indians traded a lot of their players. The best players from the Clippers went to play for the Indians. So, the players that were left had to work very hard to achieve their goal of winning the championship. The Clippers must have trained hard because last year they lost 85 games which was the most games they've ever lost. But this year, they won 75 games and only lost 69. On October 5, the Clippers were named the Triple-A Team of the Year.

## Website of the Month - Club Penguin

By Demetra Miller

This is a fun website where you can have your own penguin. You can design it in any way you want. Like change the color of the penguin and its outfit. You can build your own room with accessories and different furniture. You can go to different worlds and you can chat with people in that world. You can invite friends to your room too. It's a free website, but if you want to have a membership you have to pay. It's still a lot of fun to play the free version though.

## Mozilla Firefox

By Matthew Longfellow

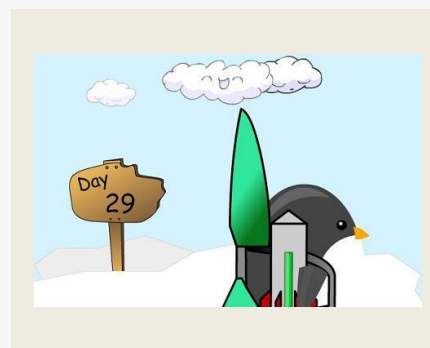

Have you ever had a problem getting a website to work on Windows Internet Explorer? Well I have, but on Mozilla Firefox I've gotten a few more sites to work. There is one disadvantage to Firefox. Not all the websites that work on Internet Explorer work on Firefox so you really need both to get almost every site to work. You can download Firefox version 3.6 at <http://www.mozilla.com/en-US/>. Hope your websites start working better soon!

## Game of the Month

By: Eli Whitehair

I chose the game Learn to Fly for the game of the month. It is a awesome game where you are a penguin and need to keep upgrading all of your stuff so you can fly further and further. There are different levels and they have 5 different types of things to upgrade: Gliders, Rockets, Ramp Height, Acceleration and Air Resistance. When you first start you can only fly a few feet, but to beat the game you need to make your penguin fly over 6,000 feet. You can find the game at [www.SomeSchoolGames.com](http://www.SomeSchoolGames.com). If you ever need any help you can ask me anytime. I have some good strategies.

## Website Suggestion

**AbcYa.com** By: Collin Gibson

I suggest [www.abcya.com](http://www.abcya.com) because it has a lot of geography games and social studies games. You can select your grade level and then it comes up with all the games for your grade level. My teacher suggested it to my class and it was really fun! I believe all grade levels would like it. Especially grades 3-5. I bet you ten bucks you'll like it!

## Dance Mat Typing

By Peyton Marquez

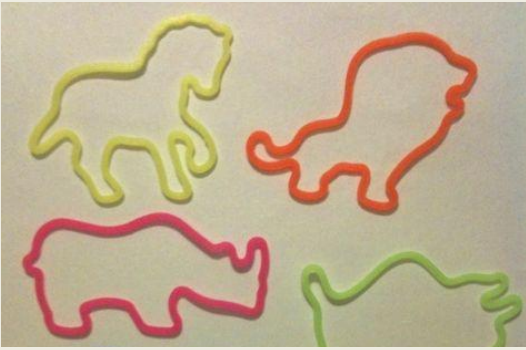

An interesting website that you might want to check out in your free time or on the weekends is called Dance Mat Typing. It can be found at: [www.bbc.com.uk/schools/typing/](http://www.bbc.com.uk/schools/typing/) This website teaches you how to type on computer. It has animals that talk and make things fun and they do a little song at the end. Each time you complete a level you earn a key on the little keyboard. These keys help you move up to the next level. I would definitely give this website a 5 star review. So next time you are looking for something to do check out Dance Mat Typing. You will learn how to type and fun too.

# RANDOM

## Silly Bandz

By Sydnee Edwards

Did you know that the first Silly Bandz were sold online in November 2008. A lot of kids can do tricks with them like spinning them around on their finger. In the south Silly Bandz are impossible to find, so when you see a pack in the south you might want to buy the pack. In a lot of schools across the country Silly Bandz are banned. I think this is outrageous. If you want to know where you can buy Silly Bandz here are some places Walmart, Walgreens and CVS. You can also find them online on websites like Amazon.com. They have almost anything you could imagine and are REALLY CHEAP!

## Roller Coaster Tycoon

By Matthew Longfellow

Have you ever played Roller Coaster Tycoon 3(RCT3 for short)? It is one of the best games I have ever played. You can build your own roller coaster and theme park. You can build tall wooden coasters, wacky metal coasters with loops, water slides and more! You can also ride your rides with the coaster cam or play one of the many park scenarios in career mode. If you like unlimited building, build with no limits in sandbox mode. You can even make yourself and have the video game version of you ride your rides. So to find out more go to: [www.rollercoastertycoon.com](http://www.rollercoastertycoon.com).

## Good Diet and Exercise

By Grace McNeil

Some of us may not get enough exercise. Here are some tips on helping your body be healthy.

1. Play outside for at least 60 minutes each day.
2. If you have one, get on a tread mill every day.
3. Go for a jog or a brisk walk.
4. There are many activities that provide great exercise, like soccer, football, basketball and many others.

Some people don't eat healthy. Here are some ways to have a good diet.

1. Try to eat fruits and vegetables every day.
2. Limit the sweets and snacks you eat.
3. And make sure to always drink lots of water.

If you do all these things, you are sure to be healthy!!!

## New CCCA Website

I just wanted to let everyone know that we have a new CCCA website. It goes live this Monday and has many updated features. If you get a chance head over to [www.cccacademy.com](http://www.cccacademy.com) and have a look. You can even read a color copy of this paper on there. Another thing to take a look at is the new CCCA Amazon Store and CCCA Classifieds. Hope you've enjoyed the first newspaper of the year. The kids have been working really hard on it. ~ Mr. Caborn

## Aye Aye Captain

This unusual animal is called an aye-aye. It's an endangered animal that lives in Madagascar. Its hand is special because the middle finger is much longer than the others. They use it to catch insects.

### Other facts about Aye-Ayes

- ~ They live in trees
- ~They are nocturnal
- ~They have big eyes so they can see at night (that's how they get their names)
- ~They are in the same family as people, monkeys and apes. They're mammals.
