“CCCS has been an incredible experience for my child and our family. We started the preschool transition with my daughter crying and running out the door—with incredible patience and care the staff helped my daughter make friends, learn, and even sing at the school concerts. She knows she is safe and having fun, and I know she is getting an amazing education and is loved. I only wish every child could have this kind of start to their social, educational and spiritual. life.”
